Newsletter - December 2015

Dear DS Colleagues

As 2015 comes to a close, I wish, in my name, and in the name of the Board of Management of the Design Society, to wish you Happy Holidays and a great new year 2016. May it be productive and fulfilling, and may it bring you happiness, health, prosperity, reconnecting with old friends and making new friends. Several events are planned for 2016, so take advantage of them to collaborate on advancing the Science of Design, and to learn and share your knowledge.

We are still looking for applications to host the ICED19. Please contact our president Dorian Marjanović President@designsociety.org if interested.

Design Science,

A message from the Editor-in-Chief, Panos Papalambros:

I want to let you know about a new open access journal for our community - *Design Science*. As the Editor-in-Chief, I'm delighted to announce that the first papers for the journal have just been published and these will give you a sample of the content you can expect from the journal in the coming months and years:

[**The united innovation process: integrating science, design, and entrepreneurship as sub-processes**](#)

Jianxi Luo

[Improving human understanding and design of complex multi-level systems with animation and parametric relationship supports](#)

Paul Egan, Christian Schunn, Jonathan Cagan and Philip LeDuc

[How do designers generate new ideas? Design heuristics across two disciplines](#)

Seda Yilmaz, Shanna R. Daly, Colleen M. Seifert and Richard Gonzalez

[Design Science: Why, What and How](#)

Panos Y. Papalambros
