MMEP workshop on Benchmarking process modelling and management tools

Contact: Prof. Kilian Gericke (University of Rostock, Germany), Prof. Claudia Eckert (Open University, UK)

Date	3. & 4. February 2020
Location	Chair of Product Development, University of Rostock
	Albert-Einstein-Str. 2, Rostock, Germany

Agenda

A plethora of tools aim to support the modelling and management of design processes, e.g. MS Project, Cambridge Advanced Modeller, Contact Project Office, MS Office (Visio, Excell, Powerpoint), BizAgi, ProcessModeller, Ardoq, Trello, Asana, Pulse, …

The offered functionalities vary considerably, from pure visualisation and project management to process navigation and simulation addressing the different needs of modellers and model users, which differ depending on their role and type of project/process.

Choosing the right tool is a challenging task as assessing properties of tools such as functionality, usability, adaptability and compatibility with other tools is difficult without testing and proper reflection about one's own needs and requirements.

During this workshop we would like to start the development of a benchmarking protocol for process modelling and management tools that supports the assessment and selection of tools, thus enables tools users to find a tool that suits their needs.

For this workshop we invite practitioners, researchers and educators that are actively using tools for modelling and managing design processes, e.g. as part of their professional activities in industry or teaching activities. Based on their experiences and needs for the support of modelling and managing design processes (projects) we aim to identify criteria that should be considered for benchmarking.

In case you would like to participate please confirm your attendance via e-mail to
kilian.gericke@uni-rostock.de

The workshop is endorsed by the Design Society. For more information about the Design Society, related events and membership please visit www.designsociety.org

Fees

- The workshop is free of charge.
- Coffee and drinks will be provided during breaks.
- Lunch and dinner are at your own expense

Accommodation

Accommodation is at your own expense. We can recommend the following list of hotels:

Hotel	Rate in EURO Single-room	Rate in EURO Double-bed	Booking code	Contact
Radisson SAS	92,00 incl. breakfast	112,00 incl. breakfast	63217	0381/3750 0
Pentahotel	82,00 incl. breakfast	99,00 incl. breakfast	Universität Rostock	0381/4970 0
Steigenberger Hotel Sonne	79,00 incl. breakfast	108,00 incl. breakfast	Universität Rostock	0381/4973 555
Die kleine Sonne	58,00 incl. breakfast	72,00 incl. breakfast	Universität Rostock	0381/4973 555
Hotel „Am alten Strom"	50,00 - 65,00 incl. breakfast	60,00 - 78,00 incl. breakfast	Universität Rostock	0381/5482 30
Motel One	63,00	82,00	Land 19 Online: DEL3A6298A2	0381/6669190 Online: www.motel-one.com
Hotel Neptun	99,00 - 125,00 incl. breakfast	151,00 - 206,00 incl. breakfast	ZWD 119	0381/7777777
InterCity Hotel Rostock			cinoqz	0381/49500

Travel

by plane (Laage airport is close to Rostock)

from Laage airport to Rostock main station by public transport:

- Airport line 127 of REBUS runs from the airport to the ZOB behind the main station
- Timetables public transport: http://www.rebus.de/index.php?p=flughafen.htm

As Laage airport has only few connections (Munich, Dusseldorf) you may fly via Hamburg or Berlin and take the train from there.

by train

- Rostock main station is connected by various RE and ICE trains
- take tram from Rostock main station (line 4, 5 or 6) in the direction of *Campus Südstadt or Südblick* and leave the train at *Erich-Schlesinger-Str.* station
